Important Notice to Advertisers and Correspondents

Due to lack of competent help, The Times will be published the first and third weeks of every month until further arrangement and we hope to begin publishing each week again as soon as possible.

The next issue of The Times will be dated Friday, November 20th and it would assist us greatly if the longer items are typewritten and double line spaced.

Thanks a lot for your co-operation.

Weekly Inspirational Corner

(Sponsored by an Irma Times reader)

Blessed be the God and Father of our Lord Jesus Christ, who hath blessed us with all spiritual blessings in heavenly places in Christ:

According as He hath chosen us in Him before the foundation of the world; that we should be holy and without blame before Him in love:

Having predestinated us unto the adoption of children by Jesus Christ to Himself, according to the good pleasure of His will, To the praise of the glory of His grace, wherein He hath made us accepted in the beloved.

In whom we have redemption through His blood, the forgiveness of sins, according to the riches of His grace;—Ephesians 1:3-7.

Local Author Has Book Published

We are most happy to learn that Mr. Allen Ronaghan of the Irma High School staff, has recently had a book published by the Greenview Book Publishers, New York.

"We Are One Nation" and is a "blueprint" for a newer and greater Canada," say the publishers. It deals with the language problem and offers a workable solution for this and other matters which stand between Canada and the solidarity and unification to which it aspires.

"This is a book for all Canadians. It touches the urgent needs that are close to the heart of Canada. Mr. Ronaghan in his role of citizen, meets these issues squarely, lucidly and systematically."

The publishers have much more than this to say of Mr. Ronaghan's book.

Irma folk are proud to know that his work has met with such recognition. He has already had articles published in the Alberta Golden Jubilee Anthology and in the Edmonton Journal. His hobbies are local history and studying the French language. During the past 4 or 5 years he has been teaching in the Irma High School and has been most successful both as a teacher and a good citizen. We wish him many more happy ventures in the literary field.

Northern Nuggets

Our best wishes go with Mr. and Mrs. A. Knight and family, who have recently moved to Kilman. Alf is very fond of stock and we know he will enjoy looking after Mr. Walker's Purebred Hereford.

Born to Mr. and Mrs. Chester Spornitz on Nov. 2 at the Provincial hospital, a son, weight 7 lbs. 4 oz.

Mrs. Sid Pavely of Grand Centre and Mrs. C. C. Saville of Edmonton are visiting with Mr. and Mrs. Phil Holt and sons.

Mr. and Mrs. John Crouse of Creston, B.C. are spending a few days with her sister, Mrs. Edgar Jones.

Mrs. Percy Miller will be living in Wainwright from Monday to Friday of each week to enable Esther to attend school there.

Attend Alliance Women's Prayer Band Rally in Edmonton

Mrs. W. Myers and Mrs. L. D. Sheardown were delegates from Viking & Irma to a rally of Alliance Women's Prayer Bands held in the Beulah Alliance Church, Edmonton, on Thursday. About 150 women attended from the surrounding towns and a great time of blessing was experienced by all.

Reports were given by the various delegates but the highlight of the day was the challenging messages presented by ten missionaries from Ecuador, Colombia, Peru, Formosa and Hong Kong. Two young ladies, leaving shortly for Viet-Nam, and Balien Valley in New Guinea, gave stirring messages of consecration. The expression of these dedicated lives were an inspiration to all who attended.

In the evening service, Rev. Henry Miller of Ecuador spoke on his adopted field with the aid of colored slides, and Rev. Calvin Chao of Hong Kong, brought a very profitable and thought-provoking day to a close. His message of "The Love of Mary Magdalene" caused many to place their lives in new surrender to the Christ they served.

Alliance Youth Fellowship Zone Rally

This coming Wednesday, Nov. 11, the Alliance Youth Fellowship Zone Rally will be held in the Irma Alliance Church. The services will begin at 2 p.m. and the guest speaker of the day will be Rev. D. Anderson who has recently taken charge of the Edmonton Beulah Tabernacle following his transfer from Ottawa. Rev. Anderson was former pastor at Vermilion and is known in this area. Special numbers in music and song will be given by visiting and local young people. Uncle Joe Gallop is expected to be present to add to the sparkle and inspiration of the day.

Miss Betty Little, one of the Vermilion folks, will give a challenging testimony regarding her scheduled departure as missionary to New Guinea.

Representatives from Marwayne, Vermilion, Ribstone, Daysland and Viking will be in attendance. Songs will be served by the Irma young people and a good time of fun and fellowship is anticipated.

An evening service, packed with musical talent and an uplifting message will bring the day to a close. Anyone interested is heartily welcomed to attend.

Glen-Coa Cleanings

Those attending the Lutheran Welfare workshop at Bawlf on Monday of this week from Sharon on congregation were: Mr. and Mrs. O. Raasok, Mr. and Mrs. T. Larson, and Mrs. Carl Gulbraa. Rev. H. C. Sastre of Calgary was Chairman at this institute. He spent Monday evening visiting his father here.

Miss Lily MacKay had a couple of days at home last week.

Miss Norma Likness visited at her parental home three days the first of this week.

Mr. and Mrs. B. Erickson and family drove to Edmonton last Sunday to visit relatives and to bring Eddie Russell home again. Eddie has spent over a year in our midst at the Erickson home.

Mr. and Mrs. B. Gulbraa and family, and Mr. and Mrs. L. Peterson and family drove to Hughenden last Sunday afternoon.

Other of their relatives were to be there also from Veteran and Consort.

Miss Edythe Gulbraa was an Edmonton visitor last week and Sharon Luther League presented a very interesting program last Sunday evening. The main feature was a dramatization which pointed out the true meaning of the word "saints" as applied to the Christian faith. The young people are to be commended on their efforts to present a worthwhile program. They plan to take the same program to Bethania Lutheran Church next Sunday evening.

Jarrow News

There will be a dance at Batts School on Friday, November 6. Mr. and Mrs. Grant Lind of Edmonton were Sunday visitors at the Jamieson home.

Mr. and Mrs. Helm of Caroline, Alta. are visiting at the E. Helm home while Elmer is away on a hunting trip.

Ten members and 4 visitors met at the home of Mrs. C. Sonoff for the monthly WA meeting.

It was decided to hold a Turkey Supper and fund-raising Nov. 18 from 5:30 p.m. to 7:30 p.m. The next meeting on December 1 will be held at the home of Mrs. G. Bridgman.

The Jarro ladies met at the home of Mrs. M. Bellon on Thursday when plans for the Christmas concert got underway.

ENGAGEMENT

Mrs. C. E. Desjardine of Irma, Alberta, wishes to announce the engagement of her eldest daughter, Barbara Jean to William Henry, son of Mr. and Mrs. Kenneth B. Sington, of Jarro, Alberta. The wedding to take place in Irma United Church at 2:30 p.m., December 1st.

Baby Pig Disease

Last year about this time, a new disease showed up in Alberta pigs. This was referred to as "Baby Pig Disease." In many ways it resembled to a disease in the U.S.A. called "Transmissible Gastroenteritis" and also resembles a disease in Ontario called "Vomiting and Wasting." The disease attacked pigs from birth to three weeks of age and in some cases whole litters were lost. The first symptoms are vomiting, followed by diarrhea and wasting. There is also a high fever. Older pigs and sows may develop the temperature and diarrhea but only the younger pigs die, many of them from secondary infections. Last year the disease disappeared on individual farms after a month, which indicated that sows developed an immunity which they passed on to their litters. As there is no satisfactory treatment, any sows farrowing within a month of the disease showing up should be isolated and handled separately. A veterinarian should be called at first sign of the disease because it is important to get an accurate diagnosis.

Farm Shelterbelts

There is still time to order trees for shelterbelts and there are good supplies of Colorado Spruce, White Spruce, Siberian Larch, Manitoba Maple, American Elm, Caragana and Green Ash. For shelter around buildings, four rows make a good belt. A good arrangement for four rows is an outside row of a hedge type plant, followed by a row of fast growing trees such as poplar or maple, then a third row of slower growing trees like Elm or ash and the fourth row of evergreens. Spacing of one and a half feet for shrubs and four to eight feet for trees is good. Rows should be far enough apart to permit use of machinery for cultivation. Make a plan of the planting you want so that you can add trees each year until it is complete. Remember that land must be summerfallowed for a year before trees will be supplied. Application forms and further information is available from this office.

News Report From Edmonton

By Ken Mason

EDMONTON — A host of department and food stores merchandising gimmicks may disappear if the provincial government goes ahead with regulations now under consideration.

The proposed regulations are aimed mainly at putting an end to the trading stamp scheme introduced into Alberta by one food chain, but in the process a number of other giveaway dodges may be eliminated.

That was the word last week as the government continued to keep an eye on court action brought in other provinces against the 'Lucky Green Stamp' offer of Loblaw Groceries Co. Ltd.

At the same time, though, there was word from Justice Minister Fulton in Ottawa that the federal government plans no special action against trading stamps. He made it clear that if the provinces want to do away with the stamps, they'll have to take their own action.

The Alberta cabinet has been considering action for several weeks, and personnel of the industry and development are at work preparing a draft of the proposed regulations.

Details of the proposed regulations are anyone's guess, but it is understood they will attack not only the trading stamp scheme but a number of other attractions used by food and department stores to attract customers.

The government is reported to have made this clear to representatives of Alberta merchants. The government is reported to have made this clear to representatives of Alberta merchants, and according to one spokesman, the merchants say they'll be happy to see government intervention to rid them of the trouble and expense of the gimmicks spawned by today's fierce competition for the customer's shopping dollar.

Government ministers want all the public support they can get before they step in with arbitrary controls in merchandising and that is one of the reasons nothing has been done.

The wheels may turn faster after Monday of this week when officials of the Alberta Chamber of Commerce held their annual meeting with the cabinet. The chamber, representing 130 local chambers and boards, is opposed to trading stamps.

Now that it has the support of the chamber, which represents the majority of Alberta businessmen, the government may waste no time in going ahead. Certainly it's clear the cabinet is dead against the trading stamp idea.

It looks like the off-again-on-again plan to touch off an atomic bomb underneath the Athabasca oil sands is on again.

Last month, with a warmup in the cold war and talk of banning nuclear tests, it appeared the experiment would have to be dropped. Now word comes from the U.S. that Russia is changing its attitude toward nuclear blasts used for peaceful experiments.

There won't be anything definite until the question is tackled at test-ban talks in Geneva and even then the blast would

Egg Producers Must Register

Ottawa, Oct. 28, 1959 — Canadian egg producers were warned today by the Agricultural Stabilization Board that they will not be in line for deficiency payments that may be made unless they are officially registered.

A spokesman for the Board said many egg grading stations across the country are reporting producers' marketings, but that many of the producers have no registration number and therefore cannot be included for participation in the federal price support program.

This program, which replaces the policy of direct purchases of eggs by the Board, went into effect October 1.

An egg producer may be eligible for a deficiency payment on Grade A Large and Grade A Extra Large eggs up to a maximum of 4,000 dozen in one year.

To qualify for any payments that may be made, every owner of a flock must be registered and the registration number must be shown on each shipment of eggs to the grading station.

Producers-graders marketing eggs produced from their own flocks direct to retail outlets for resale to consumers should similarly use registration numbers.

All registered egg grading stations have a supply of registration application cards.

Protect Trees and Shrubs:

A lot of our trees and shrubs which "winter kill" are really not damaged by the cold. In many cases they are actually dried out. Some of this can be prevented by making sure that these plants are well watered after growth has stopped in the fall. Another aid is to try to get snow collected around the plants so as to protect them.

be delayed. It had been a headache for the coming winter. In the meantime, registrations will continue at the site 175 miles north-east of Edmonton.

Contracts were awarded for another 14 homes for the aged, bringing to 31 the number awarded so far in the first phase of the government's five year development program. The contracts are worth more than \$2,900,000 and cover construction of homes at Fort Macleod, Pincher Creek, Edson, Medicine Hat, Raymond, Brooks, St. Paul, Olds, Mayerthorpe, Viking, Lacombe, Vermilion, High Prairie and Stettler.

You'll be getting a cheque from the federal government soon — if you're among those who remembered to declare 1957 and 1958 oil and gas royalty dividends on your income tax return. The income tax branch last week confirmed reports that refunds will be made automatically. It won't be necessary to apply in writing.

The action follows an income tax appeal board ruling that the dividends — \$20 in 1957 and \$17.50 in 1958 — are not taxable. For employees of the income tax branch it means plowing through thousands of tax returns filed by Albertans. Dividends went to some 500,000 Albertans in each of the two years.

EDITORIAL

REMEMBRANCE DAY

Once again we are reminded of Remembrance Day, November 11th, with the solemn services, parades, and gatherings held in memory of those who fell in the great wars. The Poppy from the very first remembrance day became the symbol of remembrance, and sale of poppies to help those who were disabled and wounded in battle is an annual event that all can partake in.

HOPE SPRINGS ETERNAL

"Hope springs eternal in the human breast" is a trite saying we have all heard many times. This fall weather has been most exasperating to farmers and others, not only in our own district but all over the western provinces. When rain was needed during the growing season it didn't come in most districts, and when it did it was too late or too much. The fall weather has retarded harvesting and acres of grain will not be threshed until next spring. Much will deteriorate or will be eaten by mice, birds and ducks. Yet we hear many still hoping for a spell of fine weather so as to salvage enough for seed and feed — and start all over again next year. This is the real spirit of optimism that has built the west and a spirit that defies defeat.

COURAGEOUS COUPLE

The attempted robbery of an elderly couple conducting a post-office in a small community about a hundred miles north of Edmonton, is the story of a courageous man and woman. A couple of punks tried to stage a holdup but they got the surprise of their lives. One of the robbers was a small communist who took on the second and held him while the wife got a chuck out of the woodbox and whacked the thug over the head until he howled, "don't hit me again." The proprietor tied up the thug with his own rope and held him while his wife drove twelve miles to a neighbor and phoned the police. The other hit for the tall timber. A lot of people would be afraid to follow their example under similar circumstances. We suspect that the would-be-robbers will give this postoffice a wide berth from now on.

OILSEED

OTTAWA — Good results have been obtained from Arlo, a new oilseed variety developed in Sweden and licensed in 1957 for sale in Canada.

Arlo is of the turnip or Polish type as opposed to the taller-growing, later-maturing Argentine and Golden varieties.

The new oilseed has been tested widely throughout Western Canada over a four-year period, says R. K. Downey, Canada Research Station, Saskatoon, Sask. The results show that it is equal in maturity and seed yield to the Polish strain now generally grown, and two inches taller. The main advantage of Arlo over Uolish is its two to three per cent greater oil content in the seed. In addition, Arlo has the advantage of pedigree seed.

Arlo may yield about 100 lbs. less seed per acre than Golden under normal conditions. However, because of its maturity Arlo is recommended where wild oats are a problem, or where late summer droughts are frequent. It ripens in approximately 90 days, about two to three weeks earlier than Golden.

This year 870 acres of Arlo were field-inspected and it is expected that approximately 420,000 pounds of Registered seed will be available for planting in 1960. Registered seed of Arlo assures mustard seed of high quality that will yield as much or more oil and seed per acre than the Polish strain.

Since the discovery of oil at Leduc, Alberta, in 1947, \$3 billion has been invested in exploration, development and production of oil and natural gas in Canada.

GREY CUP FEVER

Comedienne Pam Hyatt hopes her hero, Argo half-back Dick Shatto, will be talked about on CBC television and radio coverage of the Grey Cup game this year. CBC will also cover the Grey Cup Parade and many related shows.

Government Support For Winter Projects

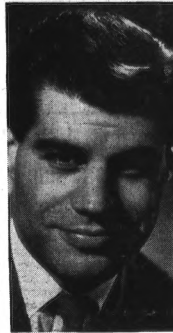

For the second year in a row the Provincial Government will pay 25 per cent of the payroll costs of approved winter projects undertaken by Alberta's municipalities. This was announced by Hon. A. J. Hooke, Minister of Municipal Affairs and Acting Premier. This year's program will run from December 1, 1959, to April 30, 1960.

The Municipal Winter Works Incentive Program, initiated last year as an aid to relieve seasonal unemployment, will be carried out during the 1959-60 season on practically the same terms as before. The Federal Government assumes fifty per cent of the labor costs involved, the Province 25 per cent, and municipalities taking advantage of the program will be responsible for the remaining 25 per cent. Municipal authorities will also be responsible for the materials and all costs other than approved labor costs required to carry out their chosen works.

To assist in financing the program, the provincial government will make loans available at interest rates similar to those set by the Municipal Financing Corporation.

Persons employed on these projects must be unemployed at the time they are hired.

JEFF HOGWOOD

Jeff Hogwood is narrator of the 30-minute color film, Royal River, which has been released by the Film Board for national distribution. It was filmed during this year's royal tour and follows the journey made by the Queen and Prince Philip along the St. Lawrence Seaway. Jeff Hogwood is also heard regularly as an announcer on CBC television and five days a week as a disk-jockey on CBC radio's Trans-Canada network program Encores, a half-hour show of classical and popular music.

U.F.A. Co-op President Announces \$700.00 in Prizes For F.U.A. Districts

Mr. George E. Church, President of U.F.A. Co-op has announced details of the U.F.A. Co-op cash awards for Farmers' Union membership week — November 9 - 14. \$700.00 in prizes will be shared by the 4 U.F.A. Districts which show the largest percentage sign-up of farmers in the District.

For example a District with 6,000 resident farmers might sign up 3,000 of them as F.U.A. members. This would be 50%. Another District with 4,000 farmers might sign up 3,000 of them for 75%. The 4 Districts with the highest percentages share in the cash awards. Prize money will be presented at the F.U.A. Annual Convention in December. Districts which win may use the prize money for any purpose they choose.

In announcing the cash prize program, Mr. Church said he felt it was vital to the welfare of Alberta farmers that an enthusiastic sign-up be made when canvassers call during the week. He expressed optimism that the farmers of Alberta would rally to the support of their Union. Mr. Church urged all farmers, particularly members of the U.F.A. Co-op to take an active part in F.U.A. week.

In concluding his announcement Mr. Church said "Join the Farmers Union. Get your neighbours to join. Volunteer as a canvasser. Make your District a winner."

In Flanders' Fields

In Flanders' fields, the poppies blow
Between the crosses, row on row
That mark our place; and in the sky
The larks, still bravely singing, fly
Scarce heard amid the guns below.
We are the dead. Short days ago
We lived, felt dawn, saw sunset glow,
Loved and were loved, and now we lie
In Flanders' fields.

Take up our quarrel with the foe!
To you from failing hands, we throw
The torch. Be yours to lift it high!
If ye break faith with us who die
We shall not sleep, though poppies blow
In Flanders' fields.

Alberta Weather For November

1st week 1-7:

The first few days of November are expected to be predominantly cold with warming about the 6th. However, look for scattered snow showers on the week end.

2nd week 8-14:

Lowering temperatures dropping down as far as sub-zero at many points, will be the pattern during the short, cold interval. Expect snow again on the week

end.

3rd week 15-21:

The light snow is expected to continue, and after a day or two break, look out for more snow along with cold weather which should arrive by the week end.

4th week 22-28:

The cold weather will be most important in eastern Alberta, but the snow showers will not be too important. Possibly chinooks will occur along the Rockies, with the week end mild.

5th week 29-30:

The mild weather is expected to continue for the last 2 days.

Funeral services for Kenneth Henderson, who died in a tragic car mishap on Saturday, October 24th, were held from the Viking United Church on Tuesday, October 27th, at 2 p.m. The church and the adjoining Christian Education Centre were filled with sorrowing relatives and friends to listen to the comforting Biblical message delivered by the pastor, Rev. C. Swallow. The choir was in attendance, and a solo "Does He Care," was sung by Mrs. L. Merta, accompanied at the organ by Mr. K. Hilliker. Pallbearers were Don Revitt, Sam Hansen, Ted Fornal, Doug Cumming, Joe Lefsrud, and Ron Benson. Burial took place in the Viking cemetery; the Ronaghan funeral home in charge.

Kenneth Myron Henderson, son of Mr. and Mrs. Dave Henderson, was born April 28th, 1938, at Viking, and was 21 years and six months of age at the time of his death. He attended school at Viking and Kinsella, and was partner in the Viking Billiards. He possessed a cheerful disposition and his untimely passing, in the prime of youth, has left a void in a large circle of friends and immediate family.

Left to mourn his loss are his parents, three brothers, Bud, Dale and Ronnie; four sisters, Verla (Mrs. Don Bonnett), Karen, Colleen, and Heather; one nephew and two nieces, all of Viking; aunts, uncles, cousins, both here and in Scotland.

Dr. F. M. Smith, Camrose, Heads Municipalities

Dr. F. M. Smith, Camrose alderman, was elected president of the Union of Alberta Municipalities at the annual convention held at Calgary last Friday. First vice-president is Mayor C. C. Cooke of Taber.

Provincial treasurer, Hon. F. W. Hinnman, told the delegates that the Municipal Finance Corporation would loan municipalities money for all essentials. He said the MFC could obtain fifty million dollars in the U.S. at 5.62 per cent and would endeavor to borrow additional money in Canada.

CARD OF THANKS

Sincere kindness and sympathy brings consolation in a time of sorrow. The many helpful acts, and understanding words of relatives, friends and neighbors after the loss of our dear wife and mother, Mrs. E. Vandervaeke, the services of the pall bearers; Dr. Hasinoff and hospital staff; Rev. Shell; Minburn W.I.; Rodino W.A.; Rodino Y.P.S.; Moyer's Funeral Home; Mrs. Feden; Mr. and Mrs. Schock; all are blended into a beautiful and heart-warming memory that we will always cherish. —Mr. Harry Vandervaeke and Family.

In Canada, more than a thousand creameries and dairy plants are engaged in butter making. These employ staffs ranging from a handful of employees to many hundreds.
